## KULTALI DR. B. R. AMBEDKAR COLLEGE

### Energy Conservation Policy

Energy conservation is essential for environmental sustainability and economic efficiency. Kultali Dr B R Ambedkar College is dedicated to implementing effective energy conservation strategies to reduce our carbon footprint and promote sustainable practices. This policy document outlines the principles, strategies, and actions to ensure efficient energy use within the college premises.

#### Objectives

- To promote the sustainable use of energy resources within the college.
- To reduce energy consumption through efficient management and conservation practices.
- To raise awareness among students, staff, and the community about the importance of energy conservation.
- To implement innovative technologies and practices that support energy conservation.
- To ensure compliance with local, state, and national regulations regarding energy use and conservation.

Towards this end the College has taken significant steps like replacing traditional lighting with energy-efficient LED lights throughout the campus. It has aimed to improve building insulation to reduce the need for heating and cooling. It has installed renewable energy sources such as solar panels to reduce reliance on non-renewable energy. It has monitored power management settings on computers and other electronic devices to reduce energy consumption when not in use. It has created awareness to develop and enforce policies to turn off lights, equipment, and appliances when not in use. It has organized workshops and seminars on energy conservation for students, staff, and the local community.

Kultali Dr B R Ambedkar College is committed to conserving energy and promoting sustainable practices within its community. By adhering to this policy, we aim to contribute to the preservation of our environment and ensure the sustainable use of our energy resources for future generations.

**The Policy has been approved in the meeting of Governing Body dated 19.08.2021**
