KULTALI DR. B. R. AMBEDKAR COLLEGE

Green Campus Policy

Kultali Dr. B. R. Ambedkar College is committed to foster a Green Campus, where environmentally friendly practices and education converge to promote sustainability. This initiative aims to redefine our environmental culture, create sustainable solutions, and address environmental, social, and economic needs among all the stakeholders of the college. This policy outlines our strategies for implementing green campus initiatives and integrating them into institutional planning and budgeting.

Objectives

- To create a sustainable and eco-friendly campus environment.
- To integrate environmental education into the curriculum and campus activities.
- To promote sustainable practices in energy usage, waste management, and resource conservation.
- To develop time-bound strategies for the implementation of green initiatives.

The college will prioritize the use of conventional and renewable energy sources such as solar and wind power to meet daily power needs. Implementation of energy-efficient practices, including the use of LED lighting, energy-efficient appliances, and regular energy audits to identify and reduce wastage will be practised. Incorporating green initiatives into the institutional planning and budgeting processes to ensure adequate funding and resources for their implementation.

- **Waste Reduction:** Initiatives to minimize waste generation through reuse, reduction, and responsible purchasing of environment-friendly supplies.
- **Correct Disposal Handling:** Proper segregation and disposal of waste, including hazardous materials, electronic waste, and organic waste.
- **Recycling Program:** Establishment of an effective recycling program for paper, plastic, glass, and metal, with designated recycling bins placed throughout the campus.
- **Water Efficient Practices:** Implementation of water-saving technologies such as low-flow fixtures, rainwater harvesting systems, and water recycling initiatives.
- **Awareness Programs:** Conducting workshops and campaigns to educate the campus community on the importance of water conservation and efficient water use practices.
- **Workshops and Seminars:** Organizing regular workshops, seminars, and guest lectures on sustainability, environmental protection, and green practices.

Kultali Dr. B. R. Ambedkar College is dedicated to developing a clean and green campus that sets a benchmark for environmental sustainability in higher education. Through this policy, the college commits to creating a sustainable environment, reducing its ecological footprint, and fostering a culture of environmental stewardship among students, faculty, and staff.

The Policy has been approved in the meeting of Governing Body dated 19.08.2021
